

Dear Sirs

I am a lincensed amateur radio KA2D. I am an appointee to the Amateur Radio Emgency Service, (A.R.E.S.). After reading the pros and cpns of the proposed BPL project, I am opposed to BPL on the basis of probabable interference between the two services. Who will administer any problems between the two services?

Thomas Carrubba KA2D  
ARRL ARES Section Emergency Coordinator  
New York City-Long Island
